**[Glenn Ehmke wins ANZANG photo competition](#)**

A photograph, taken by Glenn Ehmke while on an Orion Expedition to Macquarie Island, capturing the drama of a gentoo penguin standing its ground against an elephant seal, has been judged best photograph of the year in the ANZANG nature photography competition.

The photograph is available to view at

**Focus on Papua New Guinea**  
*Orion's 2011 Australian Geographic photographic expedition*

Hone photographic skills and capture all the action in one of the world's most photo-opportunistic locations, Papua New Guinea!

Designed to appeal to photographers of all levels, this 11 night voyage, departing Cairns, provides an extraordinary array of opportunities to test and develop photographic skills – historic World War II sites, tropical islands, exotic bird and marine life, primitive artworks, active volcanoes, the colonial atmosphere of Madang and a rare visit to a remote village near the Sepik River where the friendly welcome and cultural displays will overwhelm you.

In association with *Better Photography* magazine and the *Australian Geographic Society*, internationally recognised photographer Nick Rains and *Grand Master of Photography* Peter Eastwood will be holding workshops onboard before taking you on location with members of Orion's specialist expedition team.

Workshops include professional advice and instruction on photographing seascapes, portrait skills, lighting, detailed macro flora and fauna, and instruction on editing-software to optimise your final images.

Explore, experience and shoot from dawn to dusk, then relax and enjoy superb cuisine and company by night.

Orion's *Australian Geographic* PNG photo expedition departs 3 April 2011 for an 11 night exploration to some of the most remote islands and coastal communities imaginable. Fares, including accommodation, all meals, inclusive shore excursions and photographic workshops commence from \$8,995 per person for an Ocean View Category B Stateroom.
